Re: W.R. Grace / Hampshire Chemical  
Corrective Action Report  
AI 71507 (formerly #972) MARS#: 3917  
Daviess County

Dear Mr. Bucens:

The Kentucky Division of Waste Management (the Division) has reviewed the Corrective Action Plan Implementation Report dated June 30, 2006.

The Division finds that this completes the remedial measures set forth in Agreed Orders DWM-30270-029 and DWM-19664/DOW-19650. Future activities planned for this site includes all inspections, maintenance and monitoring.

Therefore, pursuant to Kentucky Revised Statute (KRS) 224.01-400 (18) (b), the release is now managed in a manner that minimizes the harmful affects of the release and protects human health, safety and the environment.

Please be advised that the above cited compliance applies only to the specified release and the Division reserves the right to require further remedial action or corrective measures should they be warranted by additional information or further development.

We appreciate your work in completing the remediation of this site. If you have any questions, I may be contacted by telephone at (502) 564-6716, extension 263, or by email at [susan.mallette@ky.gov](mailto:susan.mallette@ky.gov).

Sincerely,

*Susan L. Mallette*
